- D. The Bank will be administered by a committee of employees: one (1) employee elected from each building and one (1) additional Committee member appointed by the Executive Board of the Association to chair the Committee. SCHOOL HOURS AND EXTENDED HOURS

6-1 School Hours

- B. For those programs on SPEED campuses, the employee shall follow the master calendar adopted by the SPEED Governing Board. The calendar should include no fewer than four (4) days of early release of students expressly for the purpose of record-keeping activities. - C. For employees assigned to SPEED campuses, the certified/licensed staff members shall have seven and one-half (7-1/2) hour workday inclusive of a thirty (30) minute duty-free lunch.
- D. The Educational Support Personnel/Paraprofessional workday will be 7 hours inclusive of 30 minute duty-free lunch. Administration may post and fill permanent positions with more or fewer hours per week. (This does not intend to be used for involuntary transfer).

In instances where an Educational Support Personnel/Paraprofessional is temporarily assigned to a position that is either shorter or longer than the workday, the rate of pay will be adjusted accordingly, never to be less than their existing daily rate of pay.

When temporarily assigned to a position which requires a longer workday, a timesheet documenting the extra hours should be submitted to the school administrator.

Formula for pay:

- The hourly rate will be determined by dividing the annual salary by 180 work days divided by 7 hours,
- That hourly rate will then be multiplied by the number of hours worked per day.

The Educational Support Personnel/Paraprofessional positions working a 7 ½ hour workday (Media, Medical Support Personnel, Transition Coaches) inclusive of 30 minute duty free lunch and be paid according to the formula above.

Educational Support Personnel/Paraprofessionals currently holding 7 ½ hour positions, if reassigned for any reason, will continue to maintain their 7 ½ hour workday.

F. Employees who are required to work any additional hours or days over and above the calendar established by the SPEED Governing Board shall be compensated at their annual rate of pay divided by the number of days, and/or hours established by the SPEED calendar, less emergency days.

G. Certified/licensed staff may be required to attend three (3) evening events per year without receiving additional compensation. Any other evening meetings where attendance is mandated shall result in the certified/licensed staff members receiving compensation equal to their hourly rate.

H. Traveling Employees

Any traveling employee shall be provided with preparation and lunch periods as would any other employee.

6-2 Compensatory Time

Compensatory time shall be granted on an occasional basis. Employees will be given compensatory time equal to the number of hours or fraction thereof worked beyond the contract. Compensatory time may be requested in lieu of monetary compensation for work beyond the contracted hours.

The retirement incentive includes a salary increase over the previous school year:

creditable earnings exempt from the IMRF 6% rule, for each of his/her remaining four years of service.

Once a licensed employee submits an irrevocable notice of intent to retire by September 1, that employee shall be removed from the salary formula contained in this Agreement. All calculations for increased IMRF creditable earnings will be based on the IMRF creditable earnings of the licensed employee in the year prior to the submission of the irrevocable notice of intent to retire. Once the licensed employee submits an irrevocable notice of intent to retire, in no case will the employee's non-exempt IMRF creditable earnings increase exceed 6% of the previous year; however, in addition to this increase, all creditable earnings exempt from the IMRF 6% rule shall be paid.

If, after submitting an irrevocable notice of intent to retire by September 1, the or licensed employee resigns from or is dismissed for cause from duties for which the employee was paid a stipend or additional compensation for the previous year, the retirement incentive for that employee will be recalculated accordingly.

Example: Creditable Earnings increases for licensed employees under retirement incentive program =

Baseline Creditable Earnings	63,200.00
Year 1 (4%)	65,728.00

Qualifying events include, but are not limited to:

- death of a spouse
 - death of a child
 - change in marital status (marriage, divorce, legal separation)
 - permanent disability
 - terminal illness or serious long term medical condition of the licensed professional that reduces the individual's quality of life
 - care for a terminally ill spouse, child, or parent.
4. If, during the term of this agreement, any legislation and/or IMRF rules/regulations are enacted or not re-enacted and/or adopted or generated by this Agreement, the parties agree to meet and bargain the impact of such change.

Limitation on IMRF Creditable Compensation

The purpose of this section entitled "Limitation on IMRF Creditable Compensation" is to avoid in all circumstances any payment by SPEED of a Board-paid contribution to IMRF, or any Board liability to fund any portion of a licensed employee's IMRF annuity due to increase in compensation from one year to the next. This section does not apply to licensed employees who are not eligible for IMRF annuity (whether or not they apply) and could not under any circumstances become eligible for IMRF annuity within five years of the end of the school year in which the compensation is earned.

No licensed employee's IMRF earnings from employment in SPEED, irrespective of form and no matter how arising, and whether or not arising under this collective bargaining agreement, may exceed the amounts specified herein. Any licensed employee, whose creditable IMRF earnings from employment in SPEED exceed the amounts specified herein in any year used to calculate a IMRF pension, shall be prohibited from participating in this retirement incentive.

No licensed employee's IMRF creditable earnings from employment in SPEED including, but not limited to:

- vertical and horizontal salary schedule movement;
- stipends;
- salary increases;
- extra duties;
- changes in position; or
- Section 125 plan or flex plan benefits or contributions

shall increase from one school year to the next by more than 6% or be otherwise increased so as to create liability on the part of the Board for any portion of a licensed employee's retirement annuity, or result in any Board-paid contribution to IMRF. If the sum or percentage amount which triggers any obligation for the Board to pay additional amounts to cover all or part of a licensed employee's retirement annuity or cover any Board-paid contribution to IMRF decreases, then the maximum of the licensed employee's creditable earnings from employment in SPEED shall similarly decrease so as to avoid any Board-paid contribution.

Even if another provision of this collective bargaining agreement would otherwise provide, in the event a licensed employee's IMRF creditable earnings would increase by more than 6%, or any such lesser amount that would trigger a Board-paid contribution to IMRF due to salary increase in any year over a prior year, that employee shall receive only the maximum increase to IMRF creditable compensation allowed under this retirement incentive.

5. If the certified or licensed employee resigns from a stipend during the length of the last four years, the retirement incentive amount will be reduced accordingly.
6. This retirement incentive shall not be available to any licensed employee for whom the Board would incur a contribution to IMRF due to an increase of more than 6% in that licensed professional's creditable earnings in any year used to calculate the pension benefit.
7. The Board may limit the number of licensed professional's employees who may retire under the IMRF early retirement option to 10% of those eligible in any year.

8. Any additional stipend or incentive about the 6% cap will be paid within 60 days after retirement. An annual year-end record will be provided to the employee reflecting any excess creditable earnings to be applied to post-retirement severance.

C. Educational Support Personnel/Other Non-Certified

1. During the four (4) school years preceding retirement, no more than 6% in the first and second year, 4% in the third year, and 4% in the fourth year will be added to the salary of each educational support personnel who qualifies. To be eligible, the educational support personnel must be eligible for pension benefits under IMRF, have reached age 55, have been an employee of the Board for at least 10 consecutive years of full-time employment (including approved leaves of absence) immediately prior to submission of a letter of intent to retire, and have submitted to the Executive Director/Superintendent on or before the first day of the school year in which the employee intends to retire, a letter of intention to retire and irrevocable resignation effective at the end of the fourth school year. In the event that a educational support personnel submits a letter of intention to retire and an irrevocable resignation on the first day of school four years prior to the end of the school year in which the educational support personnel intends to retire, and is otherwise qualified, no more than 6% will be added to the salary of each such educational support personnel in each of the four years preceding retirement.
2. All sums payable under this subparagraph be subject to all required withholding, including IRS, IMRF, etc.
3. Any additional stipend or incentive above the 6% cap will be paid within 60 days after retirement. An annual year-end record will be provided to the employee reflecting any excess creditable earnings to be applied to post-retirement severance.
4. In the event of a qualifying event after submission of an irrevocable resignation and notice of intent to retire by an educational support personnel, the educational support personnel may withdraw the resignation and notice of intent to retire upon repayment of the retirement incentive provided herein. Qualifying events include, but are not limited to the following:

E. Post Retirement Severance

In the event that employees who are currently receiving a retirement incentive are requested by an administrator to work additional hours, (including taking a stipend position) and earnings from those hours and sick leave pay out would cause the total salary for that year to be in excess of a 6% increase from the previous year then compensation for those hours will be in the form of a post-retirement severance payment issued within sixty (60) days of the final paycheck. These additional hours must be pre-approved by an administrator and submitted to the business department indicating payment is to be deferred.

The employee has no actual or constructive right to receipt of the post-retirement severance payments until at least (60) days after receipt of the final paycheck for regular earnings or final date of creditable service, whichever date is later. No part of this payment will be creditable with IMRF or TRS. Withholdings required by law or authorized by the employee will be deducted from this payment.

- F. In any of the qualifying events mentioned above, the employee may tender a written proposal for the withdrawal of his/her statement of intent to retire and request for retirement incentive. As a condition of the Board's consideration of the request, the employee will agree to a wage deduction that will repay the Board any retirement incentives paid to the employee to date. Repayment by wage deduction shall be completed within 180 calendar days of the Board's approval of the withdrawal. The Board may accept or deny the request to withdraw the request in its discretion, and the Board's acceptance or denial of such not be reviewable under the grievance procedures or precedential in effect.

The GOVERNING BOARD OF SPEED SPECIAL EDUCATION JOINT AGREEMENT #802 (the "Board") and SPEED Education Association, IEA/NEA (the "Association") hereby enter into the following Memorandum of Agreement (the "MOU") in response to the Governor of the State of Illinois's Executive Order 2021-20-COVID-19 Executive Order No. 87 ("Executive Order") signed on August 26, 2021.

WHEREAS, the CDC has recognized vaccination as the leading public health prevention strategy to end the COVID-19 pandemic and recommends that all teachers, staff, and eligible students be vaccinated as soon as possible;

WHEREAS, increasing vaccination rates in schools is the strongest protective measure against COVID-19 available and, together with masking and regular testing, is vital to providing in person instruction in as safe a manner as possible;

WHEREAS, in light of the continued spread of COVID-19, the increasing threat of the Delta variant, and the significant percentage of the population that remains unvaccinated, the Governor of the State of Illinois declared on August 20, 2021, that the current circumstances in Illinois surrounding the spread of COVID-19 continue to constitute an epidemic emergency and a public health emergency under Section 4 of the Illinois Emergency Management Agency Act;
