Sangoma Phone Voicemail – Forwarding

1. Launch the Voicemail Application by pressing on the messages button. It looks like a letter envelope. After launching the app, you will be brought to a screen that looks like this:

05-16-2023 09 39 AM					
Voicemail					
3115 (+)Greg Furgason <3507> [00:07]					
Exit	Select	Play	More		
			And State		

- 2. Press the "Select" button the voicemail you wish to forward.
- 3. At the next screen that shows the voicemail details, press the "More" button.

05-16-2023 09:39 AM					
Voicemail					
Greg Furgason <3507>					
00:07					
Tue May 16 2023					
09:37:06 AM					
Exit	Back	Play	More		

4. Select the "Forward" button.

5. On the Forwarding screen, enter the extension that you wish to forward the voicemail. Press the "Done" button after entering the extension.

05-16-2023 09:39 AM					
Enter Dest.					
3507					
Exit	Cancel	Done	More		

6. The last screen will show you the extension you entered to forward the voicemail. To forward a copy of the voicemail to that extension press the "Select" button.

05-16-2023 09:39 AM					
Voicemail					
3507 [Greg Furgason]					
Exit	Select				
		all all and a second			

7. The voicemail has now been forwarded to the extension. The voicemail app will bring you back to the selection screen. Press "Exit" to return to your phone's home screen.
