5. The consequences for unauthorized purchases include, but are not limited to, reimbursing the District for the purchase amount, loss of cardholding privileges, and, if made by an employee, discipline up to and including discharge.
6. All cardholders must sign a statement affirming that they are familiar with this policy.

8. Cardholders must submit the original, itemized receipt to document all purchases.
9. No individual may use a District credit or procurement card to make purchases in a manner contrary to State law, including, but not limited to, the bidding and other purchasing requirements in 105 ILCS 5/10-20.21, or any Board policy.
10. The Superintendent or designee shall account for any financial or material reward or rebate offered by the company or institution issuing the District credit or procurement card and shall ensure that it is used for the District's benefit.

Good nutrition shall be promoted in the District's meal programs and in other food and beverages that are sold to students during the school day. The Superintendent shall manage a food service program that complies with this policy and is in alignment with School Board policy 6:50, *School Wellness*.

Food or beverage items sold to students as part of a reimbursable meal under federal law must follow the nutrition standards specified in the U.S. Dept. of Agriculture rules that implement the National School Lunch and Child Nutrition Acts. Free and Reduced-Price Food Services

Notice

The Superintendent shall be responsible for implementing the District's free and reduced-price food services policy and all applicable programs.

Eligibility Criteria and Selection of Children

A student's eligibility for free and reduced-price food services shall be determined by the income eligibility guidelines, family-size income standards, set annually by the U.S. Department of Agriculture and distributed by the Illinois State Board of Education. From time to time, the income eligibility guidelines and standards may not be necessary when reimbursements for students' free breakfasts and lunches are claimed through the U.S. Depts. of Agriculture and Education's Community Eligibility Option (CEO). When claiming the CEO, the District will follow its requirements.

Notification

At the beginning of each school year, by letter, the District shall notify students and their parents/guardians of: (1) eligibility requirements for free and reduced-price food service; (2) the application process; (3) the name and telephone number of a contact person for the program; and (4) other information required by federal law. The Superintendent shall provide the same information to: (1) informational media, the local unemployment office, and any major area employers contemplating layoffs; and (2) the District's website (if applicable), all school newsletters, or students' registration materials. Parents/guardians enrolling a child in the District for the first time, any time during the school year, shall receive the eligibility information.

Nondiscrimination Assurance

The District shall avoid publicly identifying students receiving free or reduced-price meals and shall use methods for collecting meal payments that prevent identification of children receiving assistance.

Appeal

A family may appeal the District's decision to deny an application for free and reduced-price food services or to terminate such services as outlined by the U.S. Department of Agriculture in 7 C.F.R. §245.7, Determining Eligibility for Free and Reduced-Price Meals and Free Milk in Schools. The Superintendent shall establish a hearing procedure for adverse eligibility decisions and provide by mail a copy of them to the family. The District may also use these procedures to challenge a child's continued eligibility for free or reduced-price meals or milk.

During an appeal, students previously receiving food service benefits shall not have their benefits terminated. Students who were denied benefits shall not receive benefits during the appeal.

The Superintendent shall keep on file for a period of 3 years a record of any appeals made and the hearing record. The District shall also maintain accurate and complete records showing the data and method used to determine the number of eligible students served free and reduced-price food services. These records shall be maintained for 3 years.

Waiver of Student Fees

The Superintendent will recommend to the Governing Board a schedule of fees, if any, to be charged students for the use of textbooks, consumable materials, extracurricular activities, and other school student fees. Students must also pay for the loss of or damage to school books or other school-owned materials.

All school student fees as defined by the Illinois State Board of Education (ISBE) are waived for students who meet the eligibility criteria for a fee waiver contained in this policy. Students receiving a fee waiver are not exempt from charges for lost and damaged books, locks, materials, supplies, and equipment.

Notification

The Superintendent shall ensure that applications for fee waivers are widely available and distributed according to State law and ISBE rule and that provisions for assisting parents/guardians in completing the application are available.

Eligibility Criteria

A student shall be eligible for a fee waiver when the student currently lives in a household that meets the same income guidelines, with the same limits based on household size, that are used for the federal free meals program.

Verification

The Superintendent or designee shall establish a process for determining a student's eligibility for a waiver of fees in accordance with State law requirements. The Superintendent or designee may require family income verification at the time an individual applies for a fee waiver and anytime thereafter but not more often than once every 60 calendar days. The Superintendent or designee shall not use any information from this or any independent verification process to determine free or reduced-price meal eligibility.

If a student receiving a fee waiver is found to be no longer eligible during the school year, the Superintendent or designee shall notify the student's parent/guardian and charge the student a prorated amount based upon the number of school days remaining in the school year.

Determination and Appeal

Within 30 calendar days after the receipt of a waiver request, the Superintendent or designee shall mail a notice to the parent/guardian whenever a waiver request is denied. The denial notice shall include: (1) the reason for the denial, (2) the process and timelines for making an appeal, and (3) a statement that the parent/guardian may reapply for a waiver any time during the school year if circumstances change. If the denial is appealed, the District shall follow the procedures for the resolution of appeals as provided in the Illinois State Board of Education rule on waiver of fees.

When making decisions pertaining to design and construction of school facilities, the Board will confer with members of the staff and community, the Illinois State Board of Education, and educational and architectural consultants, as it deems appropriate. The Board's facility goals are to:

Safety Program

All District operations, including the education program, shall be conducted in a manner that will promote the safety of everyone on District property or at a District event.

The Superintendent or designee shall develop and implement a comprehensive safety and crisis plan incorporating both avoidance and management guidelines. The comprehensive safety and crisis plan shall specifically include provisions for: injury prevention; bomb threats, weapons, and explosives on campus; school safety drill program, tornado protection; instruction in safe bus riding practices, emergency aid; post-crisis management; and responding to medical emergencies at an indoor and outdoor physical fitness facility. The term “physical fitness facility” excludes any activity or program organized by a private or not-for-profit organization and organized and supervised by a person or persons other than the employees of the school. During each academic year, each school building that houses school children must conduct a minimum of:

1. Three school evacuation drills,
2. One bus evacuation drill,
3. One severe weather and shelter-in-place drill, and
4. One law enforcement drill.

The law enforcement drill must be conducted according to the District’s comprehensive safety and crisis plan, with the participation of the appropriate law enforcement agency. This drill may be conducted on days and times that students are not present in the building.

In the event of an emergency that threatens the safety of any person or property, students and staff are encouraged to use any available cellular telephone.

The Superintendent or designee shall implement the Movable Soccer Goal Safety Act in accordance with the guidance published by the Illinois Department of Public Health. Implementation of the Act shall be directed toward improving the safety of moveable soccer goals by requiring that they be properly anchored.

Convicted Child Sex Offender and Notification Laws

State law prohibits a child sex offender from being present on school property or loitering within 500 feet of school property when persons under the age of 18 are present, unless the offender meets either of the following two exceptions:

1. The offender is a parent/guardian of a student attending the school and has notified the Building Principal of his or her presence at the school for the purpose of: (i) attending a conference with school personnel to discuss the progress of his or her child academically or socially, (ii) participating in child review conferences in which evaluation and placement decisions may be made with respect to his or her child regarding special education services, or (iii) attending conferences to discuss other student issues concerning his or her child such as retention and promotion; or
2. The offender received permission to be present from the Governing Board, Superintendent, or Superintendent’s designee. If permission is granted, the Superintendent or Board President shall provide the details of the offender’s upcoming visit to the Building Principal.

In all cases, the Superintendent, or designee who is a certified employee, shall supervise a child sex offender whenever the offender is in a child's vicinity.

If a student is a sex offender, the Superintendent or designee shall develop guidelines for managing his or her presence in school.

The Superintendent shall develop procedures for the distribution and use of information from law enforcement officials under the Sex Offender Community Notification Law and the Murderer and Violent Offender Against Youth Community Notification Law. The Superintendent or designee shall serve as the District contact person for purposes of these laws. The Superintendent and Building Principal shall manage a process for schools to notify the parents/guardians during school registration that information about sex offenders is available to the public as provided in the Sex Offender Community Notification Law. This notification must occur during school registration and at other times as the Superintendent or Building Principal determines advisable.

All contracts with the School District that may involve an employee or agent of the contractor having any contact, direct or indirect, with a student, shall contain the following:

The contractor shall not send to any school building or school property any employee or agent who would be prohibited from being employed by the District due to a conviction of a crime listed in 105 ILCS 5/10-21.9, amended by P.A.s 97-248 and 97-607, or who is listed in the Illinois Sex Offender Registry or the Illinois Murderer and Violent Offender Against Youth Registry. The contractor shall make every employee who will be sent to any school building or school property available to the District for the purpose of submitting to a fingerprint-based criminal history records check pursuant to 105 ILCS 5/10-21.9. The check shall occur before any employee or agent is sent to any school building or school property. The contractor will reimburse the District for the costs of the checks. The District must also provide a copy of the report to the individual employee, but is not authorized to release it to the contractor. Additionally, at least quarterly, the contractor shall check if an employee or agent is listed on the Illinois Sex Offender Registry or the Illinois Murderer and Violent Offender Against Youth Registry.

If the District receives information that concerns the record of conviction as a sex offender of any employee of a District contractor, the District will provide the information to another school, school district, community college district, or private school that requests it.

Student Insurance

The Board shall annually designate a company to offer student accident insurance coverage. The Board does not endorse the plan nor recommend that parents/guardians secure the coverage, and any contract is between the parents/guardians and the company. Students participating in athletics, cheerleading, or pompons must have school accident insurance unless the parents/guardians state in writing that the student is covered under a family health insurance plan.

Carbon Monoxide Alarms

The Director or designee shall implement a plan with the District's local fire officials to:

1. Determine which school buildings to equip with approved *carbon monoxide alarms* or *carbon monoxide detectors*,
2. Locate the required carbon monoxide alarms or carbon monoxide detectors within 20 feet of a carbon monoxide emitting device, and
3. Incorporate carbon monoxide alarm or detector activation procedures into each school building that requires a carbon monoxide alarm or detector. The Superintendent or designee shall ensure each school building annually reviews these procedures.

Pandemic Preparedness

The Governing Board recognizes that the District will play an essential role along with the local health department and emergency management agencies in protecting the public's health and safety if an influenza pandemic occurs. A pandemic influenza is a worldwide outbreak of a virus for which there is little or no natural immunity and no vaccine; it spreads quickly to people who have not been previously exposed to the new virus.

To prepare the District community for a pandemic, the Superintendent or designee shall: (1) learn and understand the roles that the federal, State, and local government would play in an epidemic; (2) form a pandemic planning team consisting of appropriate District personnel and community members to identify priorities and oversee the development and implementation of a comprehensive pandemic influenza school action plan; and (3) build awareness of the final plan among staff, students, and community.
